

Raquelle- Tudor Tennis Star!

Raquelle continues to do extremely well at tennis. In fact, I think there is little doubt that she will one day perform her talents on the courts at Wimbledon!

Update for 2019!

Here is Raquelle with her most recent tennis prize!

A little more about our Tudor tennis star!

I was introduced to the game of tennis when I was 5 years old by my dad and I soon started playing at Leverstock Green tennis club.

Some days I wake up in the morning and I say to myself: I feel scared about today's tournament, but I will do everything to win it!

So far I have managed to win eight medals: six gold and two silver. I feel proud of myself and I train four days per week.

Winning shouldn't get to my head and losing shouldn't get to my heart. Tennis is my life and it is very hard work. I am willing to do it though!
