

PLANTS

Some of the information has disappeared! Can you add the missing words?

Roots take water and nutrients from **the** soil.

Plants **have** leaves.

Leaves help to make food for the plant.

Stems carry water **and** minerals.

They are transported to different parts **of** a plant.

Now, put these words into alphabetical order.

together	features
nutrients	healthy
healthy	nutrients
process	process
features	together

AFRICA

The animals could be different– as long as they are African animals

Fill the gaps with some of the animals you might see if you visited Africa. Use a or an.

Answers are an example only.

I went to Africa and I saw an elephant, a giraffe, a hippo and a Nile crocodile.

Make a list of the seven continents of the world.

Use the map on the first page of the text to help you.

1. Africa
2. Europe
3. Asia
4. Antarctica
5. Australia/Australasia
6. South America
7. North America

Desert Wildlife

Send you work to your teacher so they can see what you have done.
