MojiMaths Number Addition Challenge Cards ★★

Each emoji represents a number. Find the number each emoji represents. Find the answer to the final calculation.

1.  $\text{Red Planet} + \text{Red Planet} + \text{Red Planet} = 21$

$\text{Red Planet} + \text{Red Planet} + \text{Blue Planet} = 19$

$\text{Blue Planet} + \text{Comet} + \text{Blue Planet} = 18$

$\text{Red Planet} \times \text{Blue Planet} + \text{Comet} = \square$

### Topic

Design a flag for our class that we would bring to the top of Mount Everest if we were to climb it. Think about what would represent our class the best.

### Positive news

Italy will become the world's first country to introduce mandatory climate education in state schools!

Public schools in Italy will soon be required to offer one hour of climate-related lessons per week. The move, which will come into effect in September, makes Italy the world's first country to introduce mandatory climate education in state schools. Subjects such as physics and geography will also be taught from a sustainability angle.
