Writing - Research

Research and make notes of any important events/dates/details on any extreme environment expedition. It could be on one of Shackleton's, Scott's, or any other one you can think of. You can choose how you present your notes, but try and make them as detailed as possible as you will be using this in tomorrow's writing task!

Sunday

Section 2

Cinema tickets cost £2, popcorn costs 50p. How much does two tickets and one bag of popcorn cost?

Section 3

Continue the pattern.

Section 4

$$23 - 13 = \square + \square$$

$$16 - 8 = \square + \square$$

Topic

Create a map of your home or somewhere you are very familiar with - think about using the geography skills you have learned this year.

Think carefully about using a key, symbols, and labels on your map!

Positive news

Brand new baby lemurs say 'hello' at Chester Zoo!

Chester Zoo has just welcomed a very cute addition to its animal family!

A pair of Madagascar ring-tailed lemurs were born to parents Fiona and Dog after a 135-day-long pregnancy. The twin mammals are only 15 centimetres tall and each weighs just a few hundred grams.

"Wonderfully, youngsters are born just like miniature adults and already have all of their fur markings, including their iconic black and white tails which they use to help identify one another," said Mike Jordan, the zoo's director of animals and plant collections.
